

Planet Joy is a world hiding in plain site, a world in our own homes that we've been too busy to notice. Every week, exciting creatures, unique buildings, and strange objects will be released! You can use these instructions to re-build them yourself, using any material you have, even waste! Don't forget to send us a snap when're done!

If you didn't print this, a kind neighbour of yours decided to print an extra copy of these instructions and bring it to you!

Story:
Struggling to wake up? I am GruGru, I live next to your bed. I am always there to help you in those mornings when lifting yourself up from the bed seems impossible. Just give me a shout!

Materials:
3 Nespresso Capsules Boxes, Paper, Stick Glue, Semitransparent Tape, Scissors and a tiny weight.

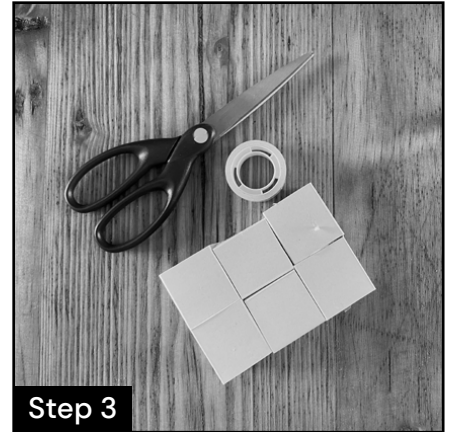

Open up the boxes, flip them inside-out and close them again using tape. They should be white.

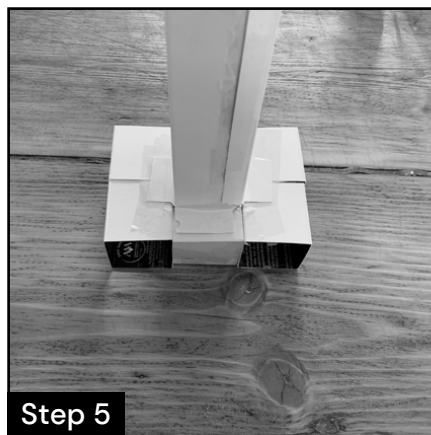

Cut one white box into 6 identical cubes.

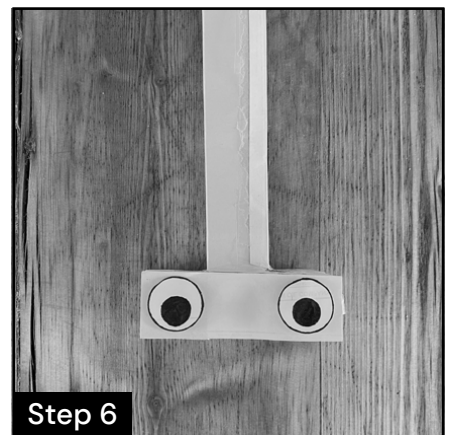

Using tape connect all the cubes to create the base.

Take the other 2 boxes and connect them from their angled ends.

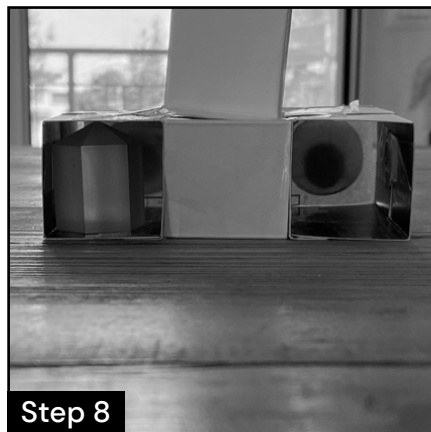

Then connect one of the ends of the L structure you just created with the base.

Draw GruGru's eyes on a piece of paper and attach them to the front of the base.

On the top part of the L structure draw GruGru's mouth.

Insert a tiny weight into the base to balance it.
