

Planet Joy is a world hiding in plain site, a world in our own homes that we've been too busy to notice. Every week, exciting creatures, unique buildings, and strange objects will be released! You can use these instructions to re-build them yourself, using any material you have, even waste! Don't forget to send us a snap!

If you didn't print this, a kind neighbour of yours decided to print an extra copy of these instructions and bring it to you!

Name:
Cloud 9

Creator:
Matteo Bandi
www.matteobandidesign.com

Story:

She is a powerful dreamer. There's nothing Cloud 9 likes more than walking around with music on and coming up with exciting ideas. Also, she's always really happy to help you with your ideas too!

Materials:

Empty hand sanitiser bottles, Empty yogurt box with handle, Paints, Markers, Hot glue gun.

Step 1

Make sure you wash all the bottles and remove all their labels.

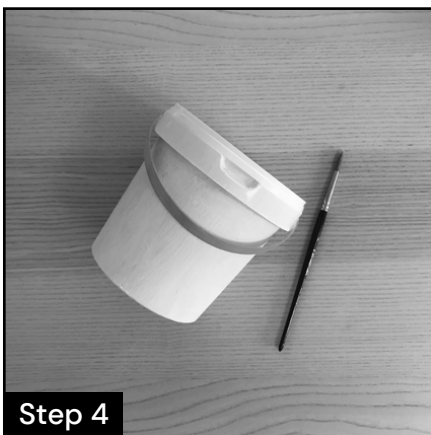

Step 2

Cut a hole in the lid of the yogurt box. You'll need it to store your ideas inside.

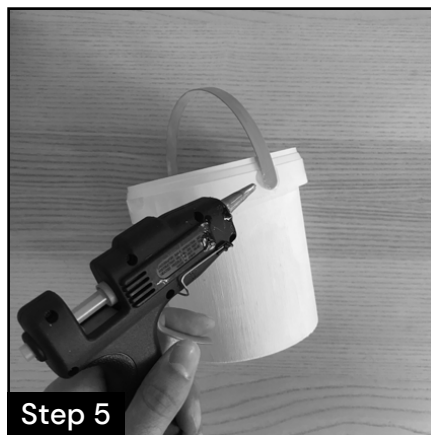

Step 3

Paint the hand sanitiser bottles with one of your favourite colours!

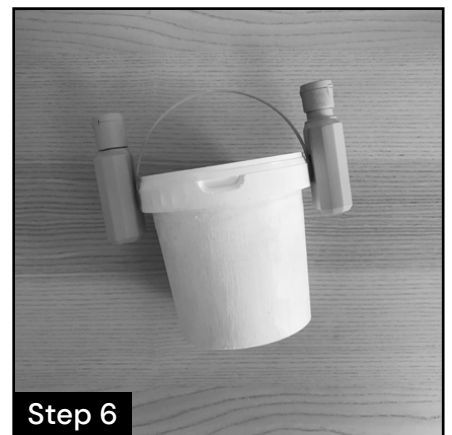

Step 4

Paint the yogurt box too, with another colour.

Step 5

Carefully use the hot glue gun to fix the handle in a standing position. Make sure you don't block the lid from opening!

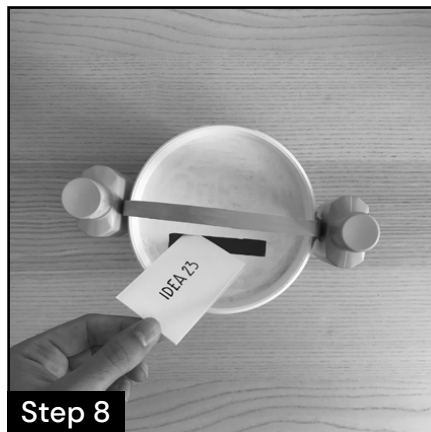

Step 6

Add a little extra glue and attach the hand sanitiser bottles to create Cloud 9's headphones.

Step 7

Decorate Cloud 9 how you prefer. You can use a sharpie.

Step 8

Everytime a great idea comes, you can use Cloud 9 to keep it safe!
