joy
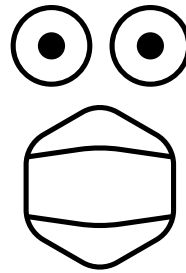

Planet Joy is a world hiding in plain site, a world in our own homes that we've been too busy to notice. Every week, exciting creatures, unique buildings, and strange objects will be released! You can use these instructions to re-build them yourself, using any material you have, even waste! Don't forget to send us a snap when're done!

♡

If you didn't print this, a kind neighbour of yours decided to print an extra copy of these instructions and bring it to you!

Name:
FoldMask

Creator:
Freyja Sewell
www.freyjasewell.co.uk

Story:
FoldMask helps protect the residents of Planet Joy, they love wearing it to protect each other!

Materials:
Template on Page 3 / Two fabric scraps / One elastic fabric strip / Thread and needle.
You will need some help from an adult for this project!
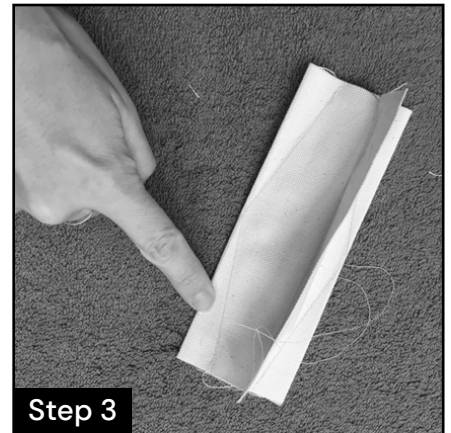

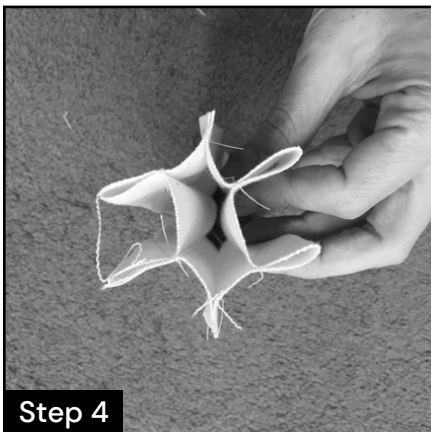

joy

Step 1

Using the Template as reference, cut and mark two scraps of fabric.
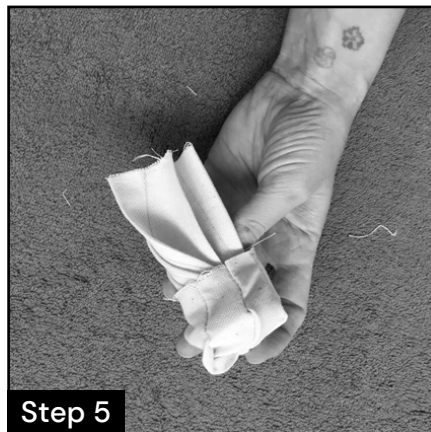

Step 2

With the help of an adult, use the iron to fold both scraps along the dashed lines (see Template).
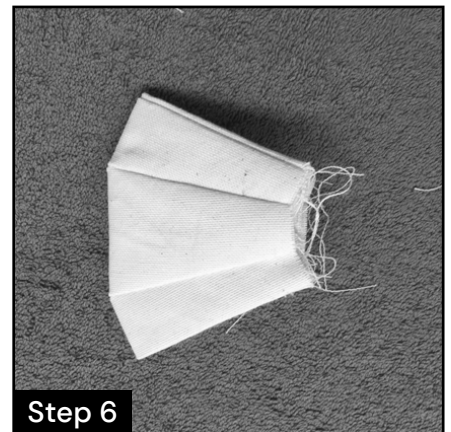

Step 3

With the help of an adult, sew each scrap along the solid lines (see Template).

Step 4

Once you've done it on both scraps, sew them together so that it looks like in the picture.

Step 5

Flip the creation inside–out, so the sewing lines are hidden.

Step 6

It should look something like this.

Step 7

Fold inward the open ends, and sew them to hide imperfections. **Read Step 8.**

Step 8

Use the same thread to attach the elastic bands on both sides. Measure them first to make sure the size is right.
